Krane, Charles - New School of Cello Studies, Book 1 - Cello solo - Spratt Music Publishers

I HATE playing from this book, but, like getting regular physical exercise, it's boring but it's good for you. When I started taking lessons this was out of print, and my cello teacher had me using a photocopy. I am very happy to find this in print so I can purchase it legally.

I was assigned to get this book by my Cello teacher, but I like it because it makes me work on things that are difficult for me. Thus I am getting better quicker than if I didn't have this book.

A very good book to give your students.

Good

It was recommended to me by my cello instructor at camp and it seems to have a lot of great exercises and things to improve your playing when worked on and practiced every day.
