The Darwath Series: The Time Of The Dark, The Walls Of Air, And The Armies Of Daylight

Synopsis

From a New York Times bestselling author, three novels of a modern-day medievalist beset by murder and magic – a fabulously talented writer – (Charlaine Harris). As a student of medieval history, Gil Patterson is a woman familiar with dark stories. She knows the Crusades, the Black Death, and the other horrors of the Middle Ages all too well, but it is another kind of atrocity that has begun to haunt her dreams. She sees forces of evil assaulting a beleaguered kingdom, whose kind people are on the brink of annihilation, and awakes each morning in a cold sweat. In *The Time of the Dark*, Gil dismisses the dreams until a wizard appears in her apartment. He has crossed into her dimension, passing through the fraying fabric of the universe, to ask her help. For mankind to survive he must protect an infant prince, whom he plans to hide in Gil's world. She is about to get much closer to evil than she ever imagined. In *The Walls of Air* and *The Armies of Daylight*, Gil and Rudy know the world is no longer safe and there is nowhere to hide from the Dark. Since the Dark Ones returned, the world has been laid to waste. The land's wizards have been slaughtered, its cities destroyed, and its people scattered in terror. Few have witnessed more of the destruction than Gil and Rudy, and both of them will need all their strength to survive this final challenge. Ingold, the master wizard, has devised a spell to hide the user from the deathly stare of the Dark, and he intends to use it to strike at their very heart. Finally, Gil, Rudy, and the rest of mankind's survivors will take the offensive, bringing an end to this terrible war, for better or for worse.

Customer Reviews

Only Barbara Hambly can weave a tale of wizardry, mystery, intrigue and adventure into a spell-binding story of this magnitude. Her characters evolve with depth and color into the most believable people you may chance to encounter. The Darwath Series takes the reader into a world of magic, danger and deeply felt human emotions. Hers are never typical heroes and villains. Her world an unlikely place to want to stay. But I've never had such trouble or lost so much sleep as I have reading this trilogy. I had read it decades ago. Reading it again has renewed my love for Ms Hambly's writing.

After reading The Time of the Dark, I eagerly went on to experience The Walls of Air and The Armies of Daylight. The author has created a unique imagined world and described it in detail. If you like fantasy novels, try these.

This is one of the first Trilogy's from Barbara Hambly that I ever read and I am glad I read it. It is a bit darker than most of her other books, although not the darkest, but still has a glimmer of hope at the end. Hambly is a prenominal writer and has a very real talent for writing fantasy fiction. I do NOT understand why she never got more mainstream than she did and why more of her fantasy books weren't wanted. BUY THIS!! you won't regret it!! I just wish Ms Hambly would write MORE pure fantasy works!!

Not to review the story line, but a richly imagined world, well written of complex social issues richly worded to paint a picture of challenges met and overcome. The strength of the human spirit, with the good, the bad, the ugly and the beautiful of heart intertwined to draw me in and keeping me continually engaged. Thanks for a good read! I have read this series over and over again over the years...

I was immediately caught by the parallel worlds aspect of this story, and was deeply engaged by the

world into which our contemporaries were drawn. These stories have imagination at it's best, magic, heroic struggles by formerly ordinary persons, and a story line built on the best and the worst of the human spirit. Didn't want the books to end!

I have always liked Barbara Hambly's writing and have read multiple times many of her books. The digital Darwath Series is a special treat. It's a "can't put it down" book that is well written. It is sometimes jolting looking up from the reader and seeing that I am not in ancient times with the Heroes. Good read, highly recommend it!

The stories started out confusing and out of focus, but interesting enough to keep the reader's curiosity aroused. Time honored traditions of sci-fi/fantasy stories and characters are well used and comfortable. Although, as a reader I anticipated the end of the story, it was delivered in a rather halting manner, which was oddly dissatisfying. I enjoyed the books and they are a good read. I would recommend them.

A dreamer who crosses over into another world, a regular guy from this world who has magi powers in a parallel world, the Dark burst out of their underworld and reduce civilization to a few refugees in ancient Keeps, a disastrous attempt by the remaining humans to burn the Dark in their own underworld, the last arch-mage who at the final hour discovers the solution which was under his nose the whole time. Loved it!
