Customer Reviews

What a fast and helpful guide to have by you when doing any writing project.

Nice to have the oft misunderstood and misspelled words in one place for quick reference while writing. It eliminates the cumbersome job of looking up each word to make sure you're using it right, or spelling it right. Very handy.

As someone that has trouble spelling to the point that word processor programs cannot decipher what I mean, this has been a VERY helpful.

I like this product as a handy reference to check myself on spelling at odd moments. I like the hard copy because it is available when I do not have a computer running.
