Max Haynes is an artist, photographer, art director, designer, sculptor, and web designer. He is the author and illustrator of thirteen children's books. He has thirty years of experience as a professional photographer, specializing in air-to-air. Haynes lives in Maple Grove, Minnesota, with his wife and children.

I picked this up to use for my 2002 XT225. I was concerned with some of the other versions I saw for sale around, which showed up to year 2000 (since my was 2002). probably no big deal, but I ordered this one since the seller stated that it is the "latest version"... and it was... 2003! If you are going to buy one new, you might well buy the one that goes to 2003, right? Probably more importantly than the actual years listed, are the publisher revisions. Unfortunately, the publisher doesn't use traditional revision methodology, so to ID the latest version, you are looking for the one that is Copyrighted 2013 or search for ISBN 1620920654 Happy Trails!

Great info book. Covers just about everything you need to know about these bikes.
