I bought Roget's Words for Students (RWfS) at the same time as Roget's International Thesaurus (RIT). I find myself going with the RIT as my word source so much more than with the RWfS that my

Words for Students is now collecting dust. RWfS is not as concise RIT by far. I highly recommend spending the few extra dollars for the International.

Product is exactly as described and was shipped and received all within just a few days... Would def recommend to buy from here

This is a much more user friendly thesaurus than the typical Oxford or Roget's thesaurus. It;s a great tool for students to use to expand vocabulary and add variety to the word choices used in essays.

Like it but has too many words that are either too hard (won't appear on tests) or too archaic.

Great Product and I like it!

Very helpful for my grandchildren
