## Customer Reviews

Book by Adc's

We just moved in the Atlanta area and needed a map with our GPS to find the location of houses to look at. Any new streets after 1998 or so were not on the map. I was able to work it out but a newer map would have helped. The seller did not list the edition number and I didn't ask. For what I paid it worked fine.

14th edition (January 1999) is now 5 years old, so this book is woefully out of date for anyone looking for streets added or changed in the last SIX years (assuming that when a book comes out, it already a year out of date). Hey ADC, how about a new edition!!

This mapbook is accurate, extremely detailed, and easy to read. Finding maps using the grid system is intuitive and simple. Great atlas!
