## **Customer Reviews**

Overall I liked it and am glad to see that updates are promised, but I was really hoping the novellas from the anthologies would also be listed in the chronology and not as a separate list.

What happened to Time of Death on the in death series list. Published in 2011. This story is also about Eve Dallas. Otherwise I love this, it's all laid out so I can read them in order.

This is a great additional source to have if you are a J. D. Robb fan. I have been able to keep track of the already read in the Death series, to highlight books I have purchased and have yet to read and those that I can purchase for my Kindle. This info is always with me if I have a senior bump in my memory. About a third of the way through the books now.

informative

Anything that has to do with Nora Roberts/JD Robb is always the best. I have never seen a series like the In Death one. Each book keeps getting better and better. I consider Nora Roberts to be the best author ever. I have read each In Death book out so far. Please keep writing and I will keep

buying. Thank you for sharing such a wonderful talent.

I am a big fan of J.D. Robb and have read most of the series. I still found these series reading lists very helpful. The book is well organized and gives more information that the title suggests ~~ all of which I found useful. If you are new to J.D. Robb this book is a must.

Like the series.

Nora Roberts is an amazing author. I've read every one of her J.D. Robb series. It is fun to watch the characters develop throughout the series.
