Guide to 27 trails in Catskills for people of varying abilities.

If you can't get up to the "Dacks" or Vermont to go backcountry skiing, you might be intrested in this book. It is a short guide that points you in the direction of the skiable trails of the Catskill mountains. I first saw this book at a BB we were staying in in Fleishmans and later found the book for sale at a store in the Catskill corners complex. Over the last 15 years I have been keeping notes in my trail guide of the Catskills with possible ski runs. This book has confirmend some and led me to others. Not enough emphasis on down mountain skiing to suite me but still a useful guide.
