Sportsman's Best: Offshore Fishing

Synopsis

If you're not paying attention, finding a fish in the ocean can be a lot like finding a needle in the haystack. If you are paying attention and read this book, you'll learn exactly what to look for to make your next bluewater trip a success. From outfitting your boat and cockpit, to learning the key offshore strategies that offshore skippers from the Gulf, around Florida and up the east coast, need to know.

Customer Reviews

I'm an avid fisherman, but new to offshore fishing. This book covered a wide range of techniques and describes in good detail what to look for while motoring around the deep blue. If you're an offshore pro, this book isn't for you. If you're looking for a wide range of information to help you with your offshore ability, this book is a good choice. 5 stars. I've ordered almost all of the Sportsman's Best books after reading this one. You'll find yourself doing the same.

Very detailed book about equipment, tactics, bait, lures, and boats for fishing offshore. The photos are excellent. This series is written by experienced fisherman, with a great passion for the sport. For people making the transition from inshore to offshore fishing, the book is well worth the price.

If you do any saltwater fishing, you need to buy this book - and the plus is you get the DVD too. Book and DVD are professionally done. You can't go wrong!!!!

excellent

Excellent Book! The added DVD helps a lot!

This is a good book

100% Satisfied

Great all-around offshore fishing book... lots of tips, info and other stuff that the fisherman on my xmas list was looking for. There's also a CD/DVD included - he's happy!
