Rise: A Newsflesh Collection: The Complete Newsflesh Collection

Synopsis

Collected here for the first time is every piece of short fiction from New York Times Bestseller Mira Grant's acclaimed Newsflesh series, with two new never-before-published novellas and all eight short works available for the first time in print. We had cured cancer. We had beaten the common cold. But in doing so we created something new, something terrible that no one could stop. The infection spread, a man-made virus taking over bodies and minds, filling them with one, unstoppable command...FEED.Mira Grant creates a chilling portrait of an America paralyzed with fear. No one leaves their houses and entire swaths of the country have been abandoned. And only the brave, the determined, or the very stupid, venture out into the wild.

Customer Reviews

"A rich expansion on a beloved universe."Ã¢â ¬â ¢New York Times on Rise"While there's plenty of zombie mayhem, political snark, and pointedly funny observations here, the heart of this book is about human relationships, which are still the most important thing in the world...even in a world where you might have to shoot the person you love most in the head, just to stop them from biting off your face."Ã¢â ¬â ¢Locus on Feed
