Réseau: Communication, Intégration, Intersections, 2nd Edition

Synopsis

""NOTE:This ISBN is just a standalone book"" After the highly successful launch of this popular, college-level intermediate French program, the Second Edition of *Reseau: Communication, Intercultural Intersection* expands upon the features that have made it so popular in two- and four-year colleges and universities around the world. *Reseau* conceives of the teaching of French as a holistic endeavor, not only in terms of language skills—speaking, listening, reading, and writing—but also in terms of cultural knowledge in the broadest sense. Based on the belief that knowledge of a second language and culture necessarily brings about a greater understanding not only of the world in an increasingly global context, but also of the individual self, the content and activities in *Reseau* offer students the opportunity to reflect on the differences between their own and French and Francophone cultures and experiment with the new identities that so many researchers suggest language learning can encourage.

Book Information

Paperback: 528 pages

Publisher: Pearson; 2 edition (February 7, 2014)

After the highly successful launch of this popular, college-level intermediate French program, the Second Edition of *Reseau: Communication, Intercultural Intersection* expands upon the features that have made it so popular in two- and four-year colleges and universities around the world. *Reseau* conceives of the teaching of French as a holistic endeavor, not only in terms of language skills—speaking, listening, reading, and writing—but also in terms of cultural knowledge in the broadest sense. Based on the belief that knowledge of a second language and

culture necessarily brings about a greater understanding not only of the world in an increasingly global context, but also of the individual self, the content and activities in Réseau offer students the opportunity to reflect on the differences between their own and French and Francophone cultures and experiment with the new identities that so many researchers suggest language learning can encourage.Ã Â Ã Â

Came out really nice and on time!

This book does NOT have access to myfrenchlab. If students intend to buy this for a class- DON'T!
