Tears Of A Dragon (The Dragons In Our Midst, Book 4)

Synopsis

Victory in the Circles of Seven came at a great cost to Billy Bannister and Bonnie Silver. A vicious evil was unleashed on the earth that only the dragons can defeat. With Billy's father, the great Clefspeare, missing, Billy and Bonnie must lead the dragons into war against the Watchers—demonic beings as old as the earth itself. Masters at the art of deception, the Watchers use the deadliest of weapons against mankind. A remnant of wise humans, the friends of the dragons, unite in the struggle against the Watchers. With heart-stopping action, the final battle between dragons and their enemies comes to a climax. But in order to win the war, at least one of the dragons must die. As the story ends, Billy and Bonnie are faced with the greatest decision of their lives. Will they keep the dragon traits that have cost them so much danger and heartache, or will they turn to normal human life and end the slayers' lust for their blood forever.

Bryan Davis is the author of the best-selling Dragons in Our Midst and Oracles of Fire series, contemporary/fantasy blends for young people. His book Eye of the Oracle hit number one on the January 2007, Young Adult CBA best-seller list. His book The Bones of Makaidos won the 2010 Clive Staples Award, recognizing the best work in Christian worldview speculative fiction. With the September 2010 release of Masters & Slayers, Bryan has begun his first fantasy series for adults, Tales of Starlight. Bryan is a graduate of the University of Florida (B.S. in

Industrial Engineering). From the time he taught himself how to read before school age, through his seminary years and beyond, he has demonstrated a passion for the written word, reading and writing in many disciplines and genres, including theology, fiction, devotionals, poetry, and humor. Bryan continues to further his writing education by attending relevant writing conferences and conventions. Bryan is a craftsman with words and an excellent interviewee on various topics, including his books, young adult fantasy fiction, and creative writing in general. He makes appearances around the country for book signings and for special presentations to enthusiastic young readers and developing young authors in middle schools, high schools, and homeschool groups. Although he is now a full time writer, Bryan was a computer professional for over 20 years. Bryan and his wife, Susie, have homeschooled their four girls and three boys.

To say that this is a good series is an understatement. This series is thought provoking, entertaining, and crafted with a care and consideration you do not often find in teen literature. As the school library aide, I was asked to read the first 2 books (which had been donated) to ensure that they were not inappropriate for our students. Not only have I recommended that we keep them, I have recommended that we order more copies. After I read them to my daughter, she recommended them to her classmates, and there is now a waiting list to check them out! This series is exciting, but also gives a wonderful twist to the ancient legends about Arthur. Quite honestly, by the time I had finished the series I found myself wanting to re-read all the King Arthur legends. I also appreciate that more of the schools students are starting to ask about these books as well. More proof that the kids are enjoying this series. I rarely enjoy anything labeled Christian Fiction, so this series has been a real treat. The faith as portrayed in this series is not easy or unwavering, but is tested and hard won, just like it is for most of us in real life. The courage it takes to have faith is also taken into consideration, which I greatly appreciated. Overall I would highly recommend this series not just for kids or just for adults, but for the whole family.

I liked this because it was so fun you would keep wondering what would happen and then it will tell you. At night when I would read I would ask my mom if I could read another chapter and sometimes she would say yes and or no. And one time mom forgot I was reading because I was so lost in this book. One last word...it was awesome!

Flathead Lake, Montana... I've been there before. ^_^ Flew right over it into Kalispell... twice in the last year. ;D And in this story, an epic battle takes place in the skies where my plane flew, right over

the lake. Ancient demons released from their prison, an army of dragons and their allies... while Billy and Bonnie learn what it's like to travel in a land that strips them of their dragon traits. Everything is concluded at the end in the most satisfactory cliffhanger I've ever known. Hurry on to the continuing series, Oracles of Fire! =D

I didn't think I'd enjoy Dragons in Our Midst when I first picked it up, but I loved every minute of each book. Bryan Davis had each piece of the story perfectly paced, from the heart-felt conversations to the action-packed battles. It gives a completely whole new perspective on dragons, showing that not all of them are selfish and evil. He couldn't have written them any better!

I enjoyed all of the series, tears of a dragon was very interesting because it was a story that you could enjoy and get lost in, with out dirty language tons of sex, it took you away to true book reading you could be absorbed in what they were going through in there lives, how they would stay in gods hands and have enough faith that they knew they cope with what ever came along. and with faith they could make it through there trials.

All my friends to go to go the at in bit if you she home hi it love kiss to

My son reads these long books in less than a week--that is how much he enjoys them. He is reading through the whole series. He wants to meet the author. GREAT for pre-teen and early teenagers. Highly recommended. No offensive material.

Absolutely amazing series! Both my 10 year old daughter and myself loved and fought over who got to start the next book! We are starting Oracle this week! Love the way Bryan Davis includes scripture in the story!
