Book by MCDUGAL LITTEL

An excellent introduction to the French language for travelers. Words and expressions are up to date and immediately useful. Pronunciation is taught effectively which is often where books fail in language education. It goes quickly for a person who just needs a refresher experience but works also for beginners who are starting at ground zero. Very useful for me who learned French 40 years ago.

Good

Perfect tool for a High school Student. The lessons review bookmarks are very good. The details, level of teaching, excellent!

Wish this came with the audio sections.

Great workbook.

is exactly what i needed

This workbook repeatedly refers to some audio or oral portion of the lessons, without which the exercises make absolutely no sense. I wrote the publisher asking how to obtain the audio companion cd's - no reply. If you want this book, be sure you find the audio companion cd's. Otherwise I found the thing useless.

Great!
