## Customer Reviews

I have an electric smoker, just a cheap one not one of the cool Masterbuilt ones, and all the recipes in this cookbook work great on my electric smoker. I think the recipes would come out really well regardless of the type of smoker you're using so I recommend this cookbook to anyone who enjoys bbq regardless of what type of smoker you have at home.

This was exactly the cookbook I needed to get back into smoking. I used to do BBQ years ago and

the family always loved it, but I didn't know how to make very many different meals. This cookbook gave me so many new ideas about what to smoke and how to smoke it. Even a BBQ veteran will enjoy these recipes, I sure am.
