Customer Reviews

The four year old boy I bought this book for just loves it and asks for it to be read over and over. He knows a lot about football and some of the story and pictures relate to his favorite team. players and coaches whom he has met personally. A real hit for him.

I wish it had been more descriptive about what the book was. They are a bunch of pages with one word "Team", "Coach", "Ref", "Football" .. but I guess for a first book it's good. My 6 month old likes to chew on it lol

Very good book for young children to explain basic parts of football.

as described, nice book.

Very cute and good quality.

Must have for every daddy's first baby girl.

good purchase

baby love this
