Customer Reviews

Praise for the Cleopatra in Space series: "Cleo is a fun, fearless heroine -- I'd love to explore the galaxy with her!" -- Raina Telgemeier, #1 New York Times bestselling author of Smile
"Maihack's characters, both human and nonhuman, are diverse, expressive, and visually distinct." -- School Library Journal, starred review
"Cleo's easygoing confidence makes her a likable... heroine, but the real star of the graphic novel is Maihack's art. The cinematic paneling during action sequences skillfully conveys Cleo's vivacity and flair." -- Kirkus Reviews
"A delight, with its exciting layout of a futuristic Egypt complete with cool pyramid skyscrapers." -- Booklist
"Cleopatra smoothly slips into the role of confident, wisecracking, baddie-dispatching hero, and the supporting cast falls neatly into place as well." -- Publishers Weekly

This series is seriously fun with some gorgeous art. I'm an almost 50 year old guy, and I found it lighthearted and fun. I'm sure it's a big hit with younger kids as well, just that I found it entertaining as well.

My daughter loves the series she can't wait for the next one!

My granddaughter lives it!!!

Maihack hits another homer! Great story and endearing art.

Cleopatra in Space is a phenomenal read! I'm in love with the characters, the story and the visual way it progresses. Such a beautiful comic, I cannot wait for more!

Awesome!

This is the fourth book in the Cleopatra in Space series. I always really look forward to these books (and so does my 10 year old son). They are just very fun reads that are well drawn and have a great story. In this book Cleo is trying to overcompensate for the disasters that happened in the last book. However, when she runs to the icy planet of CadaÃÃÃ duun to retrieve The Golden Lion she realizes that she might be in over her head. There are some great messages in here about responsibility and friendship which add a lot to the story. Of course there is also a lot of action and more of CleoÃÃÃ's in-your-face spunkiness. The illustration is well done and easy to follow and I really enjoy the bright full color throughout. Overall this was a fantastic addition to the Cleopatra in Space series. I love how fun the story is and the bright and bold illustration. There is a lot of action and adventure but also some heartfelt story as well. Highly recommend to the middle grade

audience and those adults (like me) who enjoy a fun space adventure.

Good for young kids and Greek and Roman mythology lovers. One of the best books I have ever bought! ã ã ã ã,,
