Customer Reviews

Highly informative and great for all artists from beginner to advanced. It is easy to read and has lots of terrific suggestions. The graphics depict the evolution of a drawing perfectly!

Firstly it's for total beginners. The method is not written clearly. Lastly it's not only flowers like the title states..., it's just all random things.

This book stinks. The language is not right but the author is a ok artist. I am only 10 and i can draw like that. So its way to easy and the wording is confusing :(:(-lvy
