Customer Reviews

I purchased for my 13 year old daughter and she said it was very informative book. She said that she was disappointed that the book did not talk negatively about having sex before marriage. Parents, I would suggest reading along with your child and then discussing as you go.

I love these books. They work great for our family. I love that they are age appropriate. I was not sure how I was going to address this subject with my kids and this material has made it easy. This material allows us to be involved with the kids and sex education. It is wonderful that they are getting a biblical based teaching on this subject as well. I would highly recommend this material.

I wanted to get a book that was specifically for my daughter. This was the perfect book. I also purchased "I Want to Talk with my Teen About Love, Sex and Dating along with "What's the Big

Deal: Why God Cares About Sex". This books shows the male and female anatomy and goes into why they feel the way they do. This is the perfect guide to start my daughter off. And she will also know the value of staying a Virgin. I love Christian books that speak the truth.

As a Pastor of Children's Ministries, I frequently give away or recommend books from this series. The series provides parents with information and a strategy for presenting the material to their children. Use the recommendations as a suggestion - your child may need to hear the content sooner, depending on the exposure he/she has had from peers or others.

Great experience book came quickly and was as describe.

I love these God-centered books on helping your child understand what is going on with their bodies!

Veri impressed with quality of book and shipping. Thank you!

Highly recommended, I use this for my preteen girls (age appropriate). It's a good basis to read up and pass info on, or go through it together. A must have for every parent!
