Customer Reviews

Dr. Don Colbert is a board-certified family practice medical doctor who specializes in nutritional medicine, treating over 17,000 patients. Since 1984, Dr. Colbert has helped thousands of patients regain good health and live pain free after years of suffering. A graduate of Oral Roberts School of Medicine, he has received extensive training in nutritional medicine. As a result, he has founded and developed his own nutritional supplement line, Divine Health Nutritional Products. Dr. Colbert also co-hosts Golden Eagle Network's "Your Health Matters" with his wife, Mary. They frequently lead health seminars at home and abroad, the address health and nutrition issues as guests on national talk shows and news broadcasts. Don and Mary make their home in Central Florida. Interesting book.

i ordered this booklet for a gift for a friend. I have had one for years. I find mine to be an excellent refresher and encourager when IBS flares up.

Oh wow I just purchased this book and got so excited that I crapped my pants! I mean if it works that good how could anyone claim that it's not The Good Book? If it came with a free KJV version it would make great toilet paper!! I'm a happy crapper!

Informative. Great shape and arrived when expected. I found the information useful. anyone with IBS should consider this read in their research for relief.

Dr. Colbert has done an amazing job writing this book which promises to change the lives of thousands of suffering people. Just like Job suffered (My bowels boiled, and rested not: Job 30:26-27), many of us are afflicted with IBS. For some time now I have been working with doctors and keeping up with the latest scientific research in order to find a cure, or at least some reduction in symptoms. As it turns out, all I had to do was pray! Dr. Colbert recommends passages of scripture that will heal my intestinal distress! Sure, OK, I guess if you follow this line of reasoning, you end up understanding that God gave me IBS in the first place. And sure, it seems like all of the explosive diarrhea, painful and loud gas passing during church services, and the spray painting of all the gas station toilets along my route home is a pretty cruel way of getting me to pray and believe in Him. But isn't it logical that if God is the one who caused me to empty my rectum every 10 minutes, He would be the only one who could stop the brown flood of death? Sure it does. Now, please excuse me while I pray to the porcelain god...

My God, Dr. Colbert just keeps getting better and better with this series. First it was yeasty problems in females, then it was curing autoimmune problems (go figure), and now we suspect we'll get a Biblical cure of herpes out next. When I found this IBS book, I knew I had come across a true gem. Presumably this for those people who have NOT yet found Dr. Colbert's other books about what Jesus would eat and how he would cook it. Because, surely, if you are eating what Jesus would eat and cooking it how he would cook it, you would not be plagued by such problems. Unless of course your name were Job or there was some secret bet God had going on with Lucifer, but I suspect

you'd begin having other signs to go along with your IBS problems. Anyway, this is truly an answer among answers and it's good to know the Bible is so versatile, and that Dr. Colbert is leading the way in outlining it for us. Thank you so much Dr. Colbert, and thank you God, Jesus, Mary, and the rest of the gang, for helping rid myself of this truly messy (and not to mention stinky, and embarrassing) problem.

Yea the beast shall have a number and that number is 2. -John the Hodgman

First off let me make it clear that irritable bowel syndrome is the disorder that involves abdominal pain and cramping as well as the occasional unintentional releasing of ones bowels in the cereal isle of wal-mart. Having cleared that up, let me say that I am currently typing this in the electronics isle and hope that the rather unahppy walmart workers will soon move the cereal isle closer to the bathrooms. That's juts common since. Also I'd like to point out that my reason behind explaining what INS is, is that I believe those that gave this book a 1 star rating might actually have IBD (inflammatory bowel disease) which is actually covered in the Koran cure for the Inflammatory bowel disease. Similar diseases but way different Gods to cure them. Thank God for Don Colbert M.D. since those so called doctors have yet to figure out what causes IBS. Since having read this book, then of course a bible, (Only the King James authorized 1611 version works) I have realized that my all to often and sudden outbreaks of IBS aren't caused by the foods that I eat, but the sinful way in which I eat them. Of course we all fall short of the glory of god, so it is no wonder that I have yet to totally cure myself, but I'm sure that if I remain faithful that when I die, my IBS will not affect me in heaven. Caution as the first pages tell you, this book is not intended to provide medical advice, it is more like a chicken soup for the IBS soul kinda advice, and it only works for agnostics some of the time, and atheist don't have butts. Also catholics should already understand that ibs is a form of punishment for your sins.
