Chasing Polaris

Synopsis

"Trust me," he says. "Trust is a lot to ask of someone you've just met." "Okay, then take a chance on me." Imogen Shaw is done with this life, or at least she's done pretending that everything is the same as it used to be. What was once so perfect and uncomplicated is ruined. Her dad, a person she thought could never disappoint her, turned out to be a liar and a fraud. All she cares about now is getting out of town and starting her new life in Boston. Love, she decides as she packs up her room and vows to put all of the hurt behind her, is just a delusion for suckers. If anybody knows about things falling apart, it's Seth Cavanaugh. With an alcoholic mother and a sister stuck in prison, Seth's gotten used to taking care of himself. He figures he can handle anything life hurls at him because whenever people have let him down, music has always been there to carry him through. But these days even music feels like a stranger, and now Seth is in search of something more. The setup is simple: A starry night, a scavenger hunt, one unlikely partnership, and two desperate hearts headed for each other on a collision course. In *Chasing Polaris*, Erica Cope and Autumn Doughton bring you another radiant story about misfits, catastrophic mistakes, and unforgettable discoveries. Simultaneously heart-wrenching and hilarious, Seth and Imogen's journey is one that can't be missed. A girl. A boy. A fragile trust. Everyone knows that true love is a joke and hearts are made to be broken. But what if Imogen and Seth took the chance anyway?

Customer Reviews

Okay, I have lots of word. BUT ONLY GOOD WORDS. Autumn Doughton is my superhero and her books not only speak to your soul, but they are chalked full of life lessons that stick with you forever. And since I can never tell which author wrote which character/part of the story, I guess this all goes for Erica Cope as well. I loved Bash and Amelia's story SO MUCH that I was CONVINCED I wouldn't be able to love or appreciate Seth's story. But this one blew my socks off and really had me loving Seth and Imogen (such a great name) just as much, if not more than Bash and Amelia. I'm a sucker for road trip/scavenger hunt/not-insta-love-but-falling-in-love-on-a-quick-yet-doomed-timeline stories, and this book was all three combined into one. Seth is so much more than a guitar playing guy who is standing on the precipice of stardom. He is genuine, soulful, hilarious, patient and so kind. Imogen is so much more than an obsessed ballerina. She is flawed and hurt, but so much more willing to take a chance than she even realized. Together, they are perfect; two missing pieces that fit better than anyone could even imagine. Their story will make you smile and laugh as much as it will make you want to cry out in anger and frustration. But let me assure you...it is all worth it. Always. Side notes: Imogen's mom is one of my favorite characters and I hope I can be as amazing as she is when I grow up. Also, I feel like Imogen's house is what Autumn's home is like IRL. Like that character and that setting are EXACTLY what I imagine Autumn to be like AND NO ONE CAN CONVINC ME OF ANYTHING DIFFERENT.

I was excited to read this because Seth was a great supporting character in The Bright Effect. I didn't love this book as much as that one, but I still really enjoyed it. The story surprised me, as the entire book takes place in about 24 hours, but there's quite a bit that happens. Seth was great, I loved his character! Funny, sweet and lots of fun. Imogen was a little much at times, especially her anger at Seth, it seemed over the top. She also exasperated me about the situation with her dad (especially after the whole story is revealed), but then I have to remember I'm coming at this from the perspective of someone old enough to be Imogen's mother. The book was a nice balance of fun/adventure, romance and family drama. Seth's family history was particularly heartbreaking, I kind of hope he pops up in another book so I can see how he's doing. I really don't read much YA stuff but as long as Autumn and Erica keep writing books this good, I'll keep buying.

I was lucky enough to read this wonder story early! Oh my god! First off I just love Seth and Imogen! Like I want to be friends with them! This book made me want to go on a scavenger hunt SO BAD! Who wants to go with me?! Out of Erica and Autumns books together this one is by far my favorite! I was so happy to see Bash, Amelia and Carter again! Buuuut I neeeeeed more! I have a serious book hangover already! I hope to see more of Seth and Imogens story! For now this is all I'm putting until the book finally comes out and more people have read it! I don't want to give anything away! Don't ever stop writing books together! I can't wait to buy the paper book and add it to my collection!

I just finished the book. To say I loved it would be an under statement. I read about 3 books a week. This is the best book I have read in a very long time. I wish I could give it more than 5 stars. A really different love story. I will read more of her books.

This was a little short, but a lot of fun to read. In spite of the plot twists, the characters rang true.

I enjoyed reading this book very much and highly recommend it to everyone. You will laugh, you will cry and you will just enjoy it soo much. Well written with believable characters and situations.

I stayed up until 6 am because I couldn't bear the thought of not knowing how the characters would turn out. Absolutely loved it!!! Beautifully written.

I loved Chasing Polaris, it was a quick read because I couldn't put it down. It's a fun story line that dives into something deeper. Take a chance on Imogen and Seth, it's worth it!
