Mark Anthony really does a great job of comforting those who fear that death has taken away their loved ones forever. I particularly loved the chapter on the death of a child. Having lost our 19 year-old, we knew that unimaginable grief so I went to a medium, like Mark and the type of comfort I received is the only kind that would have healed my sorrow. This book is the perfect book to give someone who's grieving. I was given other books, without a spiritual slant, and all they talked about was families breaking up, divorce and unrelenting sadness. Needless to say they were no comfort at all. And not only does this book give comfort, it explains what's going on with your loved ones on the other side. I visited at least 4 mediums in the six years since our son's passing, and they all said basically the same things that Mark is saying in this book. Here's a chapter break down

to show just how much knowledge Mark brings to show us that death is hardly the end."1 Spiritual Situational Awareness2 Inheriting the Double-Edged Sword of Psychic Ability3 Entering the Veil of Heaven4 Levels of the Other Side 5 The Other Side and the Collective Consciousness Disconnect6 Interdimensional Communication7 Multiple-Meaning Messages8 Frequency Beacons: The Two-Way Street of Love9 Consciousness and Personality Are Eternal10 Homicide and the Other Side of Justice11 Suicide and the Other Side12 Reincarnation: The Justice and Balance of God13 The Death of a Child and the Other Side14 Animals and Unconditional Love from Heaven15 Inlightenment: Embracing the Inner Light"Anthony, Mark (2015-03-01). Evidence of Eternity: Communicating with Spirits for Proof of the Afterlife . Llewellyn Worldwide, LTD.. Kindle Edition.As you can see by the chapter headings, Mark Anthony answers just about every question a person could have about the other side and then some. If you have someone who's suffering the loss of a loved one whether human or animal, this is the perfect book to help them through. I have so happy that people like Mark Anthony ignore the ridicule that must come from exposing such subjects, and write about them anyway. He's doing a great service to us all.

What a great read! Within only a few pages Mark has led you down an amazing adventure through the indepth stories of his life as a Medium and working with the spirit realm. I couldn't put it down and found it extremely engaging on so many levels. I have also read his first book, which was also very good, but this book takes it to a whole new level. I found his words and his journey as a Medium so fascinating and loved how he doesn't hold back on sharing really inspiring stories from clients as well as his own life with his family. I would highly recommend this book to anyone prepared to take a magical journey into the world of the spirit realm.Thanks Mark for sharing your words with us and for the knowledge that you have made accessible to many who may doubt.

Evidence of Eternity by Mark Anthony, the Psychic Lawyer is a reader's delight, a must book to read for anyone searching answers about afterlife and particularly helpful to a grieving parent.Mark explains in an easy way to understand complicated concepts as:- Heaven with different levels on the other side- Inter-dimentional Communication- Death of child while parents are grieving- Reincarnationand much more...Questions about the after life are easily answered in Mark's writing. Very helpful to me was reading about Reincarnation where Mark explains the Justice and Balance of God.This book, Evidence of Eternity, will be a great gift to a few of my friends.

Well written, filled with compelling stories and evidence, could not put it down until I finished it.

Validated my own experiences of my deceased son's continuing loving active presence in my life.

Psychic Attorney Mark Anthony's new book, "Evidence of Eternity" explains in understandable and down to earth terms how inter-dimensional communication with the souls of loved ones who have "crossed over" to the other side after physical death takes place. Mr. Anthony's explanations of how he believes the process of mediumship works are stunningly persuasive and are based on scientific theories of energy transference as well as on Mr. Anthony's own lawyerly commitment to providing evidence of the reality of these communications to his clients. Among souls with whom Mr. Anthony documents communicating are those who have passed away of old age, victims and perpetrators of homicide, suicides, children and even animals. The anecdotes in the book provide evidence of how love survives death, that "what we can perceive with our five physical senses is extremely limited" and that communicating with lost loved ones can relieve guilt and worry about their well-being and our own after death. All of the stories are riveting, both emotionally and intellectually, and are, frequently, entertaining. I believe, from my own experience, that even the most cynical will read "Evidence of Eternity," from cover to cover, emerging with the sense that we are all souls in bodies and that connection with our loved ones persists after physical death. Mr. Anthony, who comes from a family of psychics, is well-qualified to provide a rare degree of healing insight into the "hows" and "whys" of inter-dimensional communication. I recommend his new book to anyone who is grieving and would like, in Mr. Anthony's words, "to let go of the sorrow and keep the love".... and feel that that is exactly what our lost loved ones would like us to do.

Love the intellectual way that Mr. Anthony relays his message. As a medical professional, that was very important for me, and helped me see that heaven is not just a fantasy written in a book that is centuries old. I always had a hard time with religion, hippocracy and peoples interpretation of heaven and hell. This book has helped me see that there IS a different picture, one that I can genuinely believe and accept. Thank you!
