Synopsis

A remarkable variety of animals and plants can be found in the wilderness region surrounding the Okavango Delta. This photographic guide covers more than 470 of the area's most conspicuous and interesting mammals, birds, reptiles, frogs, fishes, invertebrates, trees and aquatic plants. An informative introduction describes the area's geology, climate, habitats and the key roles played by some animals, such as termites and elephants. The species accounts feature concise text describing the species' appearance, size, habits, habitat and status, with full-colour photographs to facilitate identification.
