Cycling To The Ashes: A Cricketing Odyssey From London To Brisbane

Synopsis

One man, one bike, two Mongoose cricket bats, one tropical disease, 16,000 miles and a lot of dead kangaroos – Oli Broom loves cricket. So much so that in 2009 he left his 9 to 5 in London and set off to cycle to Brisbane for the Ashes. Along the way he played cricket in the shadow of the Blue Mosque, slept in a goat pen in Sudan, dodged a 5-metre crocodile in the outback, battled mountains in sub-zero temperatures in Bulgaria and successfully negotiated the treacherous highways of India. Starring the colourful characters he met on his travels, this is a funny and poignant tale for anyone who's ever dreamt of jacking in the day job to embark on an incredible adventure.

Customer Reviews

Having read all the blogs throughout the trip the book seemed to take ages to come out: but I totally understand why now. It is so well thought out, planned and written that it makes such good reading from the first line to the last. By then plenty of tears of happiness have been shed, so many moments shared and so many good things told about the world that you don't want Oli to arrive in Brisbane. You will want to keep reading and reading. Such a good read for anyone interested in cricket, travelling, meeting people and recognising sheer achievement. Can't wait for the next book!
