GRACE COMMUNITY CHURCH was founded on July 1, 1956 as a nondenominational church with an emphasis on the basics of Christianity. Dr. John MacArthur has served as pastor since February 1969, continuing to build on the strong foundation of sound doctrine, spiritual leadership, and active service to God and the community.

Our Bible study group is going through this. We are half way into it. So far, it has been very encouraging. This is an excellent resource for a new and mature believer. Fundamentals of the Faith goes much more in depth than any other discipleship material I have ever seen. The authority and sufficiency of scripture is the main source for every teaching. Besides equipping us in our Bible study, we are also planning to use it for individual discipleship. It is the best resource I have ever seen for helping a new believer learn about God and His will for their lives. Additionally, some of us are already thinking of using this as a Bible study for our children, grandchildren and when we are together with our family. The exercises all throughout make this a lot more than just a Bible study. It helps the person go from just having the knowledge to truly meditating on it throughout their day. It is hard for me to say I like one area more than another. However, I would like highlight two areas that have encouraged our group. First, I love the detailed section that teaches a believer how to study God's word. The second section is the one that teaches about God's attributes(characteristics). Both of these sections have truly helped us to grow in our knowledge and thoughts about God, thus causing us to love and live for Him more according to His word. I thank God for all the work that John MacArthur and anyone who helped put this together.

This is an excellent foundational book for discipleship. It is great for a new disciple of Christ and someone who is mature in Christ. The lessons have depth and are challenging. The ability to access Dr MacArthur's sermons as a supplement to each lesson helps give greater understanding

to topics such as the Holy Spirit and Prayer. If you are looking for something to guide you in discipling others I would strongly recommend this study guide. Included are foundational verses for Scripture memory as well fore each lesson.

Absolutely great!!! Great format the homework being done by the participants prior to the bible study and then coming to class with the homework completed had a great influence to the depth of discussion during the bible study meeting. After this study I feel capable to fulfill the command to give an answer for the hope that we have. I recommend this study to any wanting to solidify their foundation in God's word. For we had Christians from many different backgrounds (Catholic, COGIC, Jehovah's Witness, Baptist) came together to see and agree there is only one truth, God's Holy Word.

Excellent book for the new Christian believer. MacArthur thoroughly walks you through what it means to be a follower of Christ and the Christian faith. Only downside is that the book used to include a CD of all the applicable talks that went with each chapter so that it could be shared amongst the bible study group but now you need to have access to a computer in order to download all talks. This is great if you are computer savvy but may be harder on the less "techy" people. Still not an insurmountable problem and did not stop me.

You MUST have a GOOD FOUNDATION of what true Christianity is or you will fall for all those tricksters out there peddling their trash on the TV and in so many churches today. Claiming God "Has to heal you, has to make you happy, has to make you rich and do everything you want like some genie you found in a bottle, making YOU god and God your slave. IT IS INSANITY! So get a GOOD Biblical foundation under you and never be fooled like I was for so many years with that TBN type blab it and grab it none sense.

I have had the students workbook for years. This is must have for those trying to learn The Word of God.

I thought this study was going to be very basic since its meant to be and introductory class to Christianity. I was wrong! This study is in depth and necessary for the new Christian and the veterans as well. Very well referenced throughout and full of commentary and application.

This is incredible material. I am using it for one on one discipleship and it works well. Highly recommend.
