## Customer Reviews

I give it five stars chiefly due to it being an anthology. The variety of styles is fun and easy to read, and I learned some stuff, too. Yep, I'm, well, not a kid, but I learned some stuff. For me, a good story that teaches me something is all I'm really looking for in a book. I bet your kid would like this, too, even if she's not a boy.

This is full of interesting out-of-the-back-pages of history stories. My 5th grade students loved hearing these read aloud. Middle School students and older will appreciate reading the book on their own.

my 12 yr old loved this book. He's not a huge fan of nonfiction but needed to fulfill a school requirement. He LOVED this book. We will definitely buy more books from this excellent series.

Ordered for the Nathan Hale story. Like the book.

good for a rising third or fourth grader.

My son loves these books.

Son loved this series of books

I haven't read this book but my young 5th grader loves his "Guys Reads" stories. They are individual stories that aren't connected. It's like a book of fun essays.
