Customer Reviews

My students always enjoy these type of books. This one is updated and fun.

As an experienced teacher, I find these books best used as a set. The entire 'Premiere' Series moves quickly and my students really enjoy this updated version and fun music!

I love and use all of Alfred's PPC books, however, this one does not come with an accompaniment cd and I wish it would. It would be so helpful.

good book for beginners

Love this book. Just like the other premier books, the songs are so fun to play and even more fun to accompany. It's refreshing and the students love it.

So nice to be able to have music books delivered to my door. No music store with beginner books close at hand. Good price.

There's a nice selection of songs that are accessible to beginning piano students. This book progresses at the same difficulty as Lesson 1B. All the songs are duets too which is good for helping students play in a collaborative setting.
