Pershing Vs Tiger: Germany 1945 (Duel)

Synopsis

During the final battles on World War II's Western Front, the legendary German Tiger I heavy tank clashed with the brand-new M26 Pershing fielded by the United States. The Tiger I had earned a formidable reputation by the end of 1944, although its non-sloped armor and poor mobility meant it was being superseded by the Tiger II or "King Tiger." While the Tiger I had been in the front lines since 1942, the US Pershing first entered combat in late February 1945, and more than 20 Pershings would see action before war's end. This book examines the dramatic Tiger/Pershing duel at Elsdorf in Germany, and also assesses the clashes between German armor and the sole "Super Pershing" deployed to Europe. Featuring full-color artwork, carefully chosen photographs, and specially commissioned maps, this is the story of the first US heavy tanks in combat with the fearsome Tiger I during the last months of World War II in Europe.
