## Customer Reviews

Book by Grant Amaral

If you are a whitewater person in Idaho this book is very handy as it has not only the known streches but the less known i.e. the North Fork of the Boise.

Just what my son wanted!

Great book. The best book to cover the state of ID.

This book is as complete as you can find when it comes to Idaho White Water. Grant Amaral has done an outstanding job with this guide. Buy it, you won't be sorry. As a matter of fact, you will be sorry if you don't because there is no other like it.

The only book you should even consider buying for paddling Idaho. The only negative is that grant seems to under estimate some of the shuttles. Watch out for that.
