Madeline Says Merci: The Always-Be-Polite Book

Synopsis

Madeline loves adventure and is not afraid of mice. She loves winter, snow, and ice. And she also knows the secret to being polite is simply to be kind to others. With help from her friends—Miss Clavel, the girls, and even Pepito—Madeline introduces basic ideas such as please and thank you, sharing, cleaning up, and so much more. With charming illustrations and humorous verse, this new book will be treasured by Madeline fans of all ages.

Book Information

Learning some please

K-Gr 3-The spunky French schoolgirl has been transformed into a mini "Miss Manners" in this story by the grandson of Ludwig Bemelmans. As she wends her way through the streets of Paris, Madeline spreads a message of kindness and good behavior despite the occasional pillow fight and spilled juice. Is this the same child who dared to say, "Pooh-Pooh" to a tiger at the zoo? The pencil-and-gouache illustrations, reminiscent of the earlier books, suggest that that impish Parisian is still alive and well. While the rhyming text is a litany of all the ways to be very good, some of the

verses are a bit awkward. However, the playful illustrations should draw a smile. This is not a new or particularly exciting adventure, but for those who wish to encourage a discussion of manners in a slightly humorous way, Madeline may be a helpful vehicle. Carol Schene, Taunton Public Schools, MA Copyright 2001 Cahners Business Information, Inc.

Purchased as a stocking stuffer for my own "Madeline". Have been buying these books for my daughter since she was born and this one about manners and courtesy is great. Very cute! So happy this series has not faded away like so many other greats.

I am a big fan of the classic Madeleine books, so I was unsure of how the tradition would be carried on by a new author. In this story, Madeleine is still the irrepressible young lady I love, and she is giving etiquette instructions! This is an instructional book of manners, NOT a story, so I would not recommend it as an introduction to Madeleine, but rather a follow on for little ones who already know the 'twelve little girls in two straight lines'. In today's world, examples of civility are sometimes hard to find. Madeleine's gentle instructions can make manners a bit easier to teach at home, and fun, too!

This is my favorite manners book for my daughter(2). I started reading to this when she was just 1 year old. I had purchased a couple of other books related to the matter but this is by far the best one we have. It covers pretty much everything regarding the topic. This covers greetings, being kind and courteous, apologizing, and saying goodbye (and a lot in between). I read this book daily to my daughter and when she forgets to say the words anytime in the day, I remind her what Madeline would say. The French words (just a couple) also help to make it interesting and fun. The book is easy to read and has a rhyming scheme to it so it sticks. I really recommend this book to any parent. It is just wonderful.

This book is darling. It presents lessons about manners in a very sweet way.

book was smaller than expected. My fault for not checking the dimensions.

My order was just perfect. How often can you legitimately say those words !!!!

A fun way to talk about good manners with a young girl-especially if she is enamored with

"Madeline"!

My mistake, it's a small book
