Customer Reviews

What a great way to get started on the ukulele. I love that the language is simple (most of us don't understand music theory) and that the bulk of your time is spent with the videos that are imbedded within the chapters. This makes it so easy to understand the concepts and provides a great visual tutor. What a great, simple way to go from zero to playing!

Great book on learning how to play the ukulele. This book teaches everything you need to know to get started on the ukulele and the videos are an awesome added bonus. The videos make me feel like I am taking a personal class with Andrew. This is my second book I got from Andrew Mccormick and I am looking forward to more.

Only been playing a couple months, super easy to follow along ... helpful in hammering the basics and fundamentals! I still go back and review the contents. Recommended!

Easy to understand. Starts with basics and has drills to improve mastery. Helpful online videos. Really helped me get started.

Good for any beginning rock stars.

This is the second ukulele instructional book that we have purchased by Andrew McCormick. My son has been playing ukulele for a little over a year. We have tried several ukulele books for beginners, etc. These are BY FAR the best out there. Easy, fun, and songs you actually want to play!
