Customer Reviews

This has been a great book for my budding ukulele skills- the tabs are great and the songs are common.

I like having the tab so I can play along while others strum.

Great amount of songs at a great price.

Excellent book on notation. It's easily understood.

A very nice book for beginners to advance. Some older songs but hey, the older songs are good to learn on.

I received this book in a short amount of time. It was sent in an excellent shipping package. I really like this book. It has tablature and also words for the songs. It has tuning and strumming information that is valuable. Although it does not contain information about chords, it is an excellent book for the price. Would buy it again. Nice card stock on the pages as well. Nice book to own for the ukulele. I also have ordered the Jumpin Jim's Fake Book. It hasn't arrived yet.

Did not meet my purposes as the other two selections did. Not enough Hawaiian songs. Too much work. Too bad !
