Sell, Keep, Or Toss?: How To Downsize A Home, Settle An Estate, And Appraise Personal Property

Synopsis

Sell, Keep, or Toss is a unique guide to dealing with personal property during life's transitions. Whether downsizing to a smaller home or dispersing the contents of a loved one's estate, collectibles expert and professional appraiser Harry Rinker helps to simplify the complicated personal, familial, and financial decisions involved in clearing out a house. With practical, down-to-earth advice, Rinker shows how to determine what to Sell, Keep or Toss, and guides you through the intricacies of how to do it, including how to:

- Pass treasured mementos to future generations
- Recognize valuable collections
- Find reputable appraisers and auctioneers
- Get a tax benefit from donating unwanted items
- Maximize the profit on items sold

Customer Reviews

Did not work for me at all even thou I own some very expensive antiques and don't really care if their value goes up or down. Ended up tossing it. Never occurs to me to return books to for refunds. "Downsizing the family home" was what did work for me.

Excellent book on dealing with downsizing. the first four chapters give great insights for anyone suffering a lost loved one and have to reduce the amount of clutter in their lives.

Got this book because my stepmom is moving to Assisted Living and we need to start clearing out her stuff and sell the house. This is a terrific book. Not only good advice, but a list of resources. He tells it like it is, and gives you several plans of action, and puts to rest many myths about how much stuff is worth. I don't think you'll look at your own stuff in the same way, after reading this book. Definitely worth the price.

It really gives a good guide to cleaning house of seldom used items...

I haven't finished reading. So far, pretty good.

Super product!

Great guide to help you tackle downsizing !Helps keep you focused and not getting overwhelmed

I thought this would explain how to downsize a home, but it talked about auctions that i wasn't interested in.
