Customer Reviews

My 3 year old granddaughter loves this Write and Wipe book. Since it has all the letters and basic numbers to practice on it couldn't be better. When watching her use it I was amazed on how much fun she was having practicing her numbers and letters. And it can be used over and over again. It would also be a great hand me down to her other younger siblings because I believe it will hold up well.

We got one of these for our son and another for a friend's son - these are amazing. The kids love to

trace them, and the pictures are bright and engaging. My 2.5 yr old actually sat at a table and traced letters for 30 minutes!

I'm happy with this book. My 3 year old is learning to recognize the alphabet and I think this will be a great way for him to learn to write his letters and numbers. The marker works well and wipes off easily.

Really nice write and wipe book. We bought this for our 4 yr old to practice his writing. We really like the size of this book, its perfect for little hands.

Saw a littleone playing with this in church. My Grandson is learning his letters and numbers, I ordered it - Wow fast Service

This was purchased for a (very) long train ride to see grandparents. It was fabulous in keeping my kiddos busy and each got a turn since the marker was eraseable!!
