Ann Senisi Scott was previously the Coordinator of the Health Occupations and Practical Nursing at Nassau Tech Board of Cooperative Education Services ,Westbury, New York. There she established a career ladder program from health care worker to practical nurse and taught Practical Nursing for twelve-years. Ann remains actively involved in the health care field.

I am disappointed that the answers are not included. I don't know if my answers are correct or not. The same is true for the review in the text. Otherwise, the questions and work samples are okay.

For our needs in the medical field is a great tool of academic improve. Easy to use and stay connected with the school requirements.Great delivery and the book looks new. I love it!

Course material - Medical Billing & CodingVery good descriptions of Body Structures and Functions
- user friendly

All the pages are there all that was missing was for it to be perforated. Overall quick shipping and well made.

Product looked brand new supper happy!

Good product. Lots of writing and markings in the book.

This book is very clear. You need it to return to as you go along.
