Good maritime history book

I am an artist specializing in early American maritime paintings. I own 15-20 books on the subject. This is one of the finest I have ever seen. The paintings within are amazing for the detail and clarity. They are an inspiration for my artwork which is Acrylic, Pen & Ink. Also, the narrative is fascinating and very comprehensive.

Amazing book and a pleasure to own. Beautifully illustrated.

Awesome collection of Charleston's marine heritage. I love it.

I'm a history buff, and this was a collection piece.

Nice Book, Fast Delivery, Thanks!!!!

We have lived in Charleston for 20 years and always marvelled at its maritime attributes and now we have a way to learn all about its history as relates to the importance of its port, its naval history and its shipbuilding industry over the centuries. Mr. Coker's illustrations are beautiful, and his appendices are wonderful. Much valuable research, on a subject that really needed it, went into this one!

An excellent book; well-researched, with many interesting illustrations (both color and black&white), with informative text. Gives a new perspective on Charleston's role as a leading port and center of commerce. Widely purchased and read by those of us who live in the "Holy City".
