Customer Reviews

I'm only giving this 1 star because I can't go any lower. The book says its for adults, but looks like something I'd give a small child. It looks like someone took their personal photos and blacked them out and made the lines blurry. Very dissatisfied and won't be ordering anything from this seller again.

This is the worst coloring book ever made. It's like someone took photocopies of negatives. Really bad photocopies. You can barely tell what most of the pictures are. I was hoping that it would be a nice nostalgic remembrance of childhood memories but instead I got this useless waste of paper, time and money.

thanks

just bad

love it

fun product - thank you

Love it! Wonderful photos!

Was very disappointed. It actually does look like someones personal pictures that were edited to look like sketches.
