## Customer Reviews

I bought this product because it would be a fast read but I would have liked more information yet it is as advertised

If you need an explanation of the various religions this is a great overview

Very informative . Have used several portfolios in this series and all our class likes them.

How did I go this long without Rose Publishing?I have 4 of their books, and LOVE THEM! Easy to read and follow, top quality books, paper, and color.Invaluable information. This book covers all the Major religions and cults and their main beliefs. You can compare them to Christianity and clearly see where they differ.Mormons believe God was just a man who lived so good he become a god, had physical sex with marry and then conceived Jesus who's the brother of Satan. No joke!If you ever wondered what other religions or cults believe, get this book! It's laid out simple, explained easy, full color pages, packed with info!

Very informative

Good information about the different religions, not too in-depth so you feel as though you can grasp

the concepts without a ton of study time.

Good information

Great product -- bought 4 copies to give to others, which they appreciated greatly.
