Webster's New World College Dictionary, Fifth Edition

Synopsis

Newly updated for 2016, Webster's New World College Dictionary is the most comprehensive, up-to-date college dictionary available. Webster's New World College Dictionary, Fifth Edition, presents the very best a college dictionary can offer, with all the user-friendly qualities that have distinguished the Webster's New World name for decades. It is a favorite of newsrooms and copyeditors nationwide, and it is the official dictionary of The Associated Press Stylebook and the New York Times. Webster's New World College Dictionary is collaborating with The Associated Press Stylebook Online to offer a combined service. Please see www.apstylebook.com for details. This dictionary features a clear and accessible defining style, abundant synonym notes, full-page tables and charts, hundreds of drawings that complement the definitions, and authoritative guidance on usage and style points. It also includes extensive coverage of Americanisms (words, phrases, and senses coined by an American or first used in the United States), all 12,000 of which are specially identified. For this 2016 edition, the editors have made hundreds of revisions and additions. New words include co-working, emoji, jizya, lambic, and vape. Webster's New World College Dictionary is the perfect dictionary for use at school, at the office, or at home.

Customer Reviews

The Editors of the Webster's New World Dictionaries are a team of professional lexicographers with advanced degrees in various scholarly fields. The editors familiarize themselves with the vocabulary in specific subject areas, collect materials on new developments and usage, and work with expert

consultants to ensure that the content of our publications is as accurate and as up-to-date as possible. ã

Surprisingly, for 2015 I was disappointed with this dictionary. Print is way too small. Pages look like a copy of a page instead of an original crisp readable page. I would give the printers a "1" on a scale of 1 to 5. The writers do a subtle job of ambiguity with definitions. Synonyms are not given frequently.

Very disappointed that the latest edition's text is smaller than the previous edition, because my vision is faltering and I will now have to resort to using a magnifying glass when I need to look up anything.

I love that this ultimate resource has been updated. However I miss the tabs and I agree with others that the print is smaller than I'd like. We've always given this dictionary to our grandchildren (we have 12) for their 9th birthday emphasizing the beauty of words and ensuring they have a ready resource through their middle school, high school and college years. The youngest two will get this 5th edition, but somehow it feels less "gift like" and user-friendly than previous editions.

Along with Merriam-Webster's Collegiate Dictionary, this is probably the best dictionary in the world, and weighs a lot less than a bulky unabridged one. Although not standard for Chicago, it is the primary reference for AP style, and I find that it tends to have newer usages including some slang and idiomatic expressions that M-W lacks (M-W is slower to update its main reference work).

I'm reading it and still on the A's, but very thorough dictionary. It has a lot of historical and scientific vocabulary. Nice illustrations. This beats my old dictionary by far!

the 2010 Oxford American Dictionary @ \$33.75 is distinguished; the 2011 American Heritage Dictionary @ \$40.45 is excellent; this 2014 Fifth Edition of Webster's New World College Dictionary @ \$16.41 is The Very Best. there is a word for it: nonpareil. ã one of its distinctive features: each of > 12,000 entries is identified (by a preceding *) as an Americanism. individually and collectively, these yield telling insights. ã some other reviewers here have pointed out, correctly, that the printing in this book is small --perhaps too small for some elder eyes. But there are already some 1,700 pages here, and significantly enlarging the print would significantly increase

that number. It may be that future dictionaries of this quality will need to come in two volumes, A - M, N - Z.

The only thing I don't like is how small the print is.

Fourth edition is very good. Has colored atlas maps and a much more extended reference material for instance, Declaration of Independence etc, This edition falls pitifully short of my expectations. This is a poor excuse for a 5th edition of an excellent 4th edition. The new edition has none of the reference material on the end plates of the front and back hardback covers. No atlas maps, no declaration of Independence, No bill of rights and many other useful material left out of the reference material in the back and other useful material left out. No thumb index, On and on. Jesse Culpepper, 422 Bower Road, Humble Texas 77338.
