Pocket Guide To Spirit Animals: Understanding Messages From Your Animal Spirit Guides

Synopsis

Following the publication of the popular and best-selling Animal Spirit Guides, several people commented that they would like to see a smaller pocket-sized version "one they could carry in their purse, handbag, or car. Those requests have now resulted in this condensed edition, where you'll find all the spirit animals from the original edition plus some new ones in a format that makes it even more user-friendly. Just as our ancestors and indigenous peoples knew, when an animal comes to you in an unusual way or repeatedly, whether in physical or symbolic form, they are serving as spirit guides attempting to get a message to you. This convenient pocket guide will help you understand and discern these messages whenever this occurs by offering several possible interpretations for the animal you encounter. This is a book that you will enjoy and find useful for many years to come.

This handbook provides a colorful legendary background to spirit animals (those animals carrying a message sent from a human). Each message is along the lines of a brief horoscope with animals instead of stars. It is fun to entertain these little messages when you see an animal behaving strangely. It is really fun to share new information from this book with friends and lovers. If you are a spiritual person who doesn't always want proof you will probably enjoy this little guide to beginning shamanism. I think it would help this book if some examples of strange behaviors in animals were provided.

This is a wonderful pocket text to help people understand what messages each animal carries with them. Oftentimes, we may see an animal in the wild and think nothing of it, but if we look deeper into WHY we are seeing that particular animal, we can find some insightful and inspiring messages which could help us better understand ourselves and even our life's path.

This is great to keep in my car. I have his larger book which I use regularly. I'd purchase again and gift friends w/ it.

Gave away my copy now buying a few more because when people see what I'm doing whenever I see a certain animal I look up that animal in this book and read that message that's meant for me to know. Love this pocket guide!

LOVED this! Very insightful and easy to understand.

Such a fun book to carry in my bag. I am constantly looking at it when I see animal signs.

Thanks

This book is beautiful!! I strongly suggest getting it for yourself or to give as a gift. It's perfect for carrying around and yet still has just the right amount of depth and information on each page. I

would buy this again in a heartbeat!
