Elements of language , textbook

If you want your writing to improve, if you want your kids' grammar to improve, then this book has everything in it. What it doesn't have are the ANSWERS to the often very difficult exercises. I highly recommend also buying the teacher's edition.

I love the thoroughness of the content for my middle-schooler. The child is in for some serious homework throughout the school year. Very glad I got this to supplement the lackluster education from our local high taxes but low educational values and challenges public school.

My son's school book was lost and they wanted almost \$50 to replace a 6 year old book. This was a Great find to replace and at a much better price. Saved me some bucks!! Thanks

Great conditions. Excellent price. The content on the book is aligned with the academic objectives of the 8th grade curricula for language. The school has been using it for a long time with great results.

My sister in law got this for home schooling..this is only place she could find. It is excellent

Excellent!!

Very good condiciÃƒÂn, arrivedon time

really good quality, perfect state.
