Lawrence O. Richards has written over 200 Christian books, including commentaries on every book of the Bible and Zondervan bestselling Adventure Bible and Teen Study Bible, which he did with his wife, Sue.~ ~ ~ ~ ~

The books I've bought in this series started with the book of Revelation that I found, by chance, at a Christian Book Store and I read it twice before hunting down the others I've purchased here. These books have helped me gain an insight to information and thought trains I haven't come up with since taking God up on His offer of forgiveness on Oct. 12th, 1977. These books and Charles Stanley's book "How To Listen To God" should be the first books in collaboration with the Bible a new Christian should read.

Phenomenal for beginners

Great study, and easy to follow!

This is another great book! It gives me a lot of insight on the scriptures. I love the way they make the little sayings are brought down to some of our sayings. Love it, too.

Great study guide. My small group and I are enjoying the information contained therein.

This product was delivered within the expected delivery schedule. It was also of the quality as advertised.

We love this Smart Guide for the book of Romans. It better explains each verse in the book of Romans for a better understanding of what is going on. It's perfect for a small group bible study or even individual reading. This same Smart Guide, by the same authors, is just as awesome for the other books in the bible. You won't regret this helpful tool.

The book is very knowledgable and easy to understand.
