Customer Reviews

First of all, we are Duck Dynasty fans. The Robertson family has entertained and encouraged us for years with their shenanigans and faith. We first picked up a title from this series for the kids to try out on their Fire tablets. Our (at the time) reluctant reader enjoyed the story so much, we ended up purchasing the entire box set. Thanks to the “choose your own story” format, the kids can read them over and over and have a different adventure each time.

My 8 year old loves "choose your own adventure" books. He also loves watching Duck Dynasty. It's hard to imagine, but this was the perfect combination of the two! He's read and re-read each book multiple times. He loves reading about the "characters" that he is already familiar with and enjoys trying to choose a different path each time he reads through the books. A quick read, but cute for a little fan!

I just started on these. They are very interesting. They have John Luke's point of view on the different subjects. Some of the things are funny and other things are serious.

My son loves that the story changes each time he reads it. He's read the same book three times because he can manipulate the characters.

Great grand kids love this one. Thanks for fast ship

I enjoyed as much as my kids! The stories never get old because there's always something different.

Was a Christmas gift for my Granddaughter and she started reading one soon after she opened them.
