Reasons to Have a New Name & Alternate Identity:
Reclaim privacy
Author, actor, or performer
Personal life separate from professional life
Alternate identity
precaution against future disaster
Escape from an abusive person, insane person, criminal, scam artist, rapist, stalker, or other terrible person
Protect children
Start over after Identity Theft
Avoid abusive creditors or any form of harassment
New credit
Public figure, famous, or wealthy person
Sidestep bankruptcy or foreclosure
Economic crisis
Overwhelming medical bills
Deficiency judgment or other judgment
Frivolous lawsuit you can't afford to fight
Press is stalking you.
Won the Lottery
Wealthy and need to avoid con artist
There are many more legitimate reasons to be anonymous and protected.
Please don't waste money on the other books out there about creating a new identity, name change, etc. Those other books are limited and usually advise you to do something illegal. It is your legal right to use any name you like but you must go about it legally and legitimately. In this age of computers and data sharing, processes that worked in the past DO NOT WORK TODAY. Big Brother is watching closer than ever. The process is anonymous and uses the convenience of the Internet or a phone call. You don't have to appear in person anywhere. The author used this process to start a new anonymous life. Along the way, he discovered he also had the opportunity to become the person he always wanted to be and live the lifestyle he always wanted to live. You too can live anonymously yet openly with complete freedom, privacy, and with an unlimited future. Customer Reviews

Want to stop Big Brother and regain your privacy? ... READ THIS BOOK! Then go implement the simple process outlined in this book. That's all folks!

How To Reclaim Your Privacy! EXCELLENT!

Good book

This information in this book is very practical, workable stuff. The price is right and so is the quality of the information.

An entirely simple and easy approach to gaining your privacy back with a new name and identity. Read this book then take the simple process to getting a new name and identity you can use for any purpose you like. The book is very positive and upbeat and will keep you perfectly legal. 5 STARS!

How to disappear from the radar of all who would want to cause you grief or invade your privacy. A simple and fast process to do it is within the pages of this book. I've taken the author's advice and feel so much safer because I have. Definitely recommended reading.

First, I want to say the reviewer who left the 1 star review is full of it and probably did not even read the book. This book gives you a practical way to disappear and I have done it so I can say it works. It is low cost and you can do it from any computer or over the phone. I did it over the computer in under two hours. Buy and read this book even if you don't want to disappear ... someday you might!

Has some useful information and tips to hiding out in plain sight but don't feel it gives enough step by step info
