The Official Chase 'N Yur Face Cookbook: Tasty Recipes & Fun Facts To Start Your Food Adventure

Synopsis

Who can resist the likes of fanciful Pizza Skewers or Grilled Chicken Panini? What about Cherry Cucumber Limeade or Pineapple Express Cupcakes? Pick up a copy of YouTube's young celebrity chef Chase Bailey's boldly designed and photographed book--The Official Chase &N Yur Face Cookbook--and you'll be surprised and impressed by what may have looked like a cookbook for young adults. What you'll find is an exciting collection of sixty or so delightfully sophisticated, truly mouth-watering recipes for cooks of all ages that are as simple to create as they are original. Chase's appealing personality captivates with comments like "desserts are a kind of 'soul-food.'" His inventive recipes include everything from Grilled Portobello Rice Bowl with Five-Spice BBQ sauce to Brownie S'Mores Sandwiches to Baked Tilapia over Veggie Potato Almighty (potato and veggie hash) covered with Cheesy Gravy. This wonderfully balanced cookbook covers the culinary spectrum from breakfast to vegetables, meats to desserts, and nutritious to fun. You'll want to cook everything in this book the first time you read it--whether you're an omnivore, a vegetarian, a vegan, or gluten-free, you'll be running out the door to the market to collect ingredients! Chase and Chase &N Yur Face have received attention from Mario Batali and Guy Fieri and additional accolades in the form of two Foreword Indies book honors. Diagnosed with autism as a toddler, Chase's success shines the spotlight on food as the common language that binds us all together. Relevant "fun facts" artistically designed into every recipe and additional information on food history and current trends provided via references at the end of the book will further pique your interest in what this bright teenage chef has to say. 2016 Foreword Indies GOLD Winner for Child Author 2016 Foreword Indies Honorable Mention for Young Adult Nonfiction Bestseller in Teens & Cooking! Customer Reviews

"Chase Bailey, by facing his personal hurdles so bravely, not only empowers others with obstacles but has created a dialogue for families about how food can bring us together." --Andrew Scrivani, The New York Times Food Photographer & Director "Families around the world will be lucky to have Chase Bailey, the most infectious food enthusiast of his generation, guiding them through an exciting culinary adventure. Chase is vibrant, he's energetic about food, and he's experienced food in ways we could only dream of. I'm happy to have shared his joy for our little food world inside the kitchen, and I know it will translate in his first cookbook." --Mario Batali, Celebrity Chef "A celebration of Chase and cooking combined." --Frances Quinn, Great British Bake Off Winner 2013, Author and Food Designer "Chase's aspirations as a chef and entertainer, and the cookbook achievement alone are reasons enough to congratulate this young man who daily rises above the challenges of autism. But there is so much more to Chase than this - he is also a committed champion for those like himself, who need help achieving their dreams of acceptance, significance, living a full life, and independence. Much like the Founding Fathers of America whom I have come to know through my own journeys with food, history, and cultures, Chase is a visionary and a voice for this moment in history. His infectious and courageous enthusiasm for life, ability to embrace challenges and differences, and willingness to take positive action on behalf of those in need of assistance by establishing his Chase Your Dreams Foundation, all demonstrate that Chase possesses a sense of responsibility and hope for humanity that extends far beyond mere daydreaming and lip service. He is a person of his word and of action. With Chase, hope is a certainty, not a wish. This makes him a revolutionary and world-changer for his generation - who also happens to possess a refreshing sense of fun and an appreciation for the pleasures that come from simple yet sensational food, like the recipes he shares in this cookbook. May we all experience the joy that beckons to us on every page." --Chef Walter Staib, Proprietor of City Tavern Restaurant, 6 Time Emmy Award Winner, James Beard Award Nominee, Food Historian, and Cookbook Author

Chase Bailey is the host and co-creator of the YouTube cooking show Chase 'N Yur Face. He also happens to be an African-American teenager with autism, whose mother was told when Chase was a toddler that he might not be able to speak or take care of himself. But Chase is proving the

nay-sayers wrong! Not only is Chase hosting his own cooking show with prominent chefs and celebrity foodies as his guests, he has also been featured in GE's Our American Kitchen series and a GE commercial; appeared in magazines and local, national, and international newspapers; and made TV appearances on The Chew, and The Meredith Vieira Show. Some of the chefs he has cooked with include Roy Choi, Mario Batali, Mary Sue Milliken, Susan Fenigar, Becky Reams, and Choc-Chick Founder, Galia Orme. He's also cooked with such celebrity foodies as actress Fuschia Sumner, as well as Anne Scioscia, wife of Los Angeles Angels of Anaheim Manager, Mike Scioscia. In addition to pursuing his ambitions in the culinary and entertainment industries, it is especially important to Chase that he inspire and tangibly support others who need help achieving their own dreams. So Chase's endeavors also include establishing his Chase Yur Dreams Foundation (CYDF), to provide resources and opportunities for those on the autism spectrum who are working toward independent living. With this goal in mind, Chase is donating a portion of all proceeds from his cookbook to CYDF. Chase believes that, "We're ALL doing life with a little bit of help. We all have dreams, and need help fulfilling those dreams. And when you have a dream in your heart, you must chase it!"

I thought this book was going to be just another cute book, with french toast, and things like ten topping you can add to french fries. I was pleasantly surprised. It's not way over the top with recipes, but it's not babyish either. My nephew and I got a kick out the recipes in this book.

This particular book holds a special place in my heart. I found this on NetGalley and just had to read this amazing new cookbook by Chase Bailey and I couldn't be happier. I first was lured in by the cover. Superficial of me...maybe but I like what I like. Just look at how bright and colorful the cover is. I took one look at that smiling teen cook and all that glorious food and I was intrigued. I then read the book blurb and I was curious. Then I read the author bio and was completely and utterly inspired. This young man is simply fantastic. He has overcome so much in his young life and taken the opportunity to reach out and help others. I have been following Chase on YouTube and watching his videos and to see him in action is wildly entertaining in the best possible way. I love the way he interacts with the viewers and the guests. His personality really shines throughout this cookbook just as well. This is a cookbook that will be used over and over again. The pages are bright and colorful. He has found a way to include "Fun Facts" that help link the recipe to culture and history. I learned quite a few facts while reading it. The photos are gorgeous and the recipes are easy to follow even for the younger chefs in your house. I mean with recipes like Barnyard Breakfast Muffins, Pigs in a

Waffle, Stuffed Hash Potato, and Hearty Chicken and Lemon Verbena Soup...how could you not want to try the dishes?

I received an advanced copy through NetGalley. I think this book would be perfect for a young chef who wants to cook for family and friends. I think children will enjoy making foods that everyone of all ages can enjoy. There are even gluten-free options. The recipes I am most excited about are: Pigs in a Waffle, Apricot Amazeballs, And the Cherry Cucumber Limeade. It is a very informative book that provides food facts that span time and cultures. Chase presents a well written book that allows you to learn while you cook. The visuals are great. There are beautiful pictures of food and cute illustrations. Chase said one goal for creating this book was to provide way for him to connect with people. Communication and interpersonal relationships can be difficult for those on the spectrum. I believe he has succeeded. While reading the book you can really get a sense of who Chase is as person. Also a portion of the proceeds go towards helping those in the autism community live independently as adults. Good food and a good cause.

Review The second you get this book in your hands and open it up, you feel better about being alive! This is not just a cookbook - it's a joyful experience into the heart of an inspiring young man. 15-year-old Author / Chef Chase Bailey serves us delicious, eye-pleasing yet uncomplicated recipes, alongside interesting and amusing fun-facts from history, world cultures, the culinary world, and everyday life; as well as refreshingly candid and endearing anecdotes and insights about his journey with autism. Clever and lyrical chapter and recipe titles; visually colorful without being overwhelming; informative without being preachy; down-to-earth yet dignified, Chase has achieved a balance and a presentation that is inviting, accessible, and appropriate for people of all ages in households, classrooms, and libraries everywhere. I was further impressed with the fact that Chase has established the Chase Yur Dreams Foundation, which will be providing resources and grants to others with autism who are preparing themselves to live as independently as possible; as well as grants to organizations that provide services that help those with autism meet this goal. A portion of all profits from his cookbook sales are going directly to the foundation to help meet their funding goals. So not only will purchasing this cookbook bring joy and some delicious food into your life, you will also be helping others make their dreams a reality. I look forward to seeing what other surprises and ventures this exceptional and ambitious young man will share with us in the future.

This is a such a great and inspiring cookbook and story. The recipes are easy to follow, family

friendly, and quite delicious! What's awesome is Chase includes fun facts and alternatives to make the recipes gluten free. (For vegans, you can also make some simple adjustments... but by no means is this a vegan cookbook, nor is it meant to be. There were some recipes I could adjust and they worked just fine!) Chase is so enthusiastic with his recipes that you can't help but be excited in trying something new. He also finds ways to incorporate veggies into kids' diets. Who doesn't love that?! He is such an inspiration and entertaining. I encourage everyone to get this cookbook. This is a such a great and inspiring cookbook and story.
