Chamonix To Zermatt: The Classic Walker's Haute Route (Cicerone Trekking Guides)

Synopsis

A guidebook to the classic Chamonix to Zermatt trek from Mont Blanc to the Matterhorn. The 180km Walker's Haute Route crosses 11 passes, gains more than 12,000 metres in height and is a strong contender for the title of Most Beautiful Walk in Europe. The route is described in 14-day stages, with variants and is suitable for walkers with some previous alpine trekking experience. In 2 weeks of mountain travel you will see the greatest collection of 4000 metre peaks in the Alps and visit some of the most spectacular valleys. The guidebook also includes essential practical information on travel to and from Chamonix and Zermatt, as well as information on accommodation in alpine villages and mountain refuges, trekking safety, itinerary planning and how to best plan and prepare for this challenging but rewarding trek.

Customer Reviews

We are planning to do the Hikers' Haute Route this summer on a self-guided tour, and have compared the company's agenda for our route with the book - the book has great information which has already been helpful to get our heads wrapped around what the trip will entail, where it goes, what we can expect and what we should bring.

Reynolds books are *the* guides for the do-it-yourself alps trekker. Buy this, buy a plane ticket, prepare for a phenomenal holiday.

Totally comprehensive... and entirely packable! Will use it to plan our adventure, and will carry it with us during the trek.

Lots of info in here but very poorly organized which makes it very difficult to actually use for planning, particularly if you are not from the area. I would not recommend.

While while it is possible to quibble with some of the details, including estimated distances, this book enabled a group of us to successfully complete the journey from Chamonix to Zermatt without the expense of a guide. It was a trip of a lifetime!

Excellent bookA must for Trekkers

Very good
