Customer Reviews

Good resource to supplement the Nav Sat device that came with rental car. It lost connection several times a day and the map was very handy to have at those times. It also was a good tool for planning out excursions the night before.

Great map. It was just what we needed.

We used this map extensively on a recent trip to Mallorca. It was invaluable getting around on all of the small roads.

Bought it to plan a bicycling trip. Shows very fine details down to one lane & roads in bad condition. Scenic routes & panorama stand out. Also it shows obstacles.
