# HDEV

## Synopsis

Created by the continuous feedback of a "student-tested, faculty-approved" process, HDEV4 traces development from infancy through late adulthood through a visually-appealing print component complete with tear-out review cards for students and class prep cards for instructors. Additionally, HDEV4 includes an online study center offering with CourseMate that includes an eBook and set of interactive digital tools to address multiple-learning styles, all at a value-based price. HDEV4 was developed with considerable input from focus groups, surveys, and conversations with students and instructors resulting in high-interest and comprehensive content, current examples, and a personal tone that accommodates sociology students' lifestyles and is proven to increase retention and enhance outcomes.

Anytime, Anywhere with 4LTR Press Online! Every 4LTR

Press solution comes complete with an engaging print textbook, tear-out review cards, an

interactive digital solution (CourseMate), and an eBook all of which were directly influenced from

student focus groups and surveys, and from interviews with faculty and students. Shorter

Chapters. Shorter, comprehensive chapters in a modern design presents content in a more

engaging and accessible format without minimizing coverage for your course. Streamlined chapters,

with an average length of just 17-20 pages, make it easy for you to break reading into manageable

sections.      **Tear-Out Review Cards.**      Tear-Out Review Cards at the back of the book for each chapter provide you with a portable study tool containing all of the pertinent information for class preparation. Cards contain all pertinent review information, including key terms, definitions, learning objectives, and section summaries.      **Prepare for Tests.**      CourseMate for HDEV4 has the new practice quiz generator to help you prepare for tests. This new practice quiz provides a ten question quick randomly drawn from a large bank of questions, so you never get the same quiz twice. Also, a variety of new trackable activities provides you with some questions beyond multiple-choice to prepare for more difficult test questions.

Spencer A. Rathus received his Ph.D. from the University at Albany and is on the faculty of The College of New Jersey. His research interests include treatment of obesity and eating disorders, smoking cessation, human growth and development, methods of therapy, and sexual dysfunctions. He is the author of the widely used Rathus Assertiveness Schedule and has written several college textbooks, including PSYCH, HDEV, AIDS: WHAT EVERY STUDENT NEEDS TO KNOW, HUMAN SEXUALITY IN A CHANGING WORLD, ABNORMAL PSYCHOLOGY IN A CHANGING WORLD, and CHILDHOOD AND ADOLESCENCE: VOYAGES IN DEVELOPMENT.

The way this book is laid out is brilliant for educational purposes and it does contain some valid information, but with some dangerous misinformation. The bit he did on Terri Schiavo was a farce. The picture was not even her, and the arguments he tried to present as being "unbiased" were totally biased on the part of Michael and his lawyers. This book is politically slanted on so many levels, but especially on the euthanasia plug, which is obviously the issue being pushed on our best and brightest entering the medical field. There were studies cited that had nothing to do with what they were used to support. Half truths are often much more insidious than complete fallacies, and this is how people who fancy themselves as intellectuals are taken in.

This book has been very helpful to my students. It is not a difficult read and the need it early in their study program, as many of their methodology classes are built on their child development foundation. I do not agree with Some of the author's ideas, but they make for great classroom discussions and students' further research.

Purchased for a college class. Easy to read and flows well. Its cheap enough to own and refer back to if have young kids in your life.

Nice book and a good condition, except for one page in the book that looks like it's about to fall out.  
Fast shipping too.

This book came quickly and fits my class criteria perfectly. Very easy to understand. Plus the online help with each chapter helped my test scores increase.

As promised

Thank you

It was defiantly the book i had been looking for. It warned me it had been used and I'm pretty happy with the shape it's in. Good job!
