# The Best Car Book In The World: Exploring The World's Most Expensive Cars, The World's Rarest Cars, And Cars Of The Future

## Synopsis

Unreal Autos opens a door into the world of the rich, the glamorous, the sublime and the ridiculous, and takes you on a rubber-burning journey through the milestones of automotive greatness. Prepare to be amazed as you get close up with the supercar, the pioneer, the concept car and the ultra-expensive. Driving is changing, technology is striding forward, and challenges lie on the horizon, but we haven't lost our love for the motorcar, or for the sheer thrill and adventure of the experience. So fasten your seatbelts and feast your eyes on this full-colour guide to the world's top motors, past, present and future and don't forget to check your wing mirrors. It's time for some very beautiful and very unreal autos.

## Customer Reviews

Great book that has kept a young man dreaming about his car collection he will have someday.

Great photos as well. Even Dad has spent a few hours reading this book.

Looks like a cheap magazine. Bought as a gift for a car fanatic. I wasn't impressed. Not sure about the car enthusiast too embarrassed to ask!

Good book

My son loved this book!

Ok with it.

My son loved it!!

Great book. My 11 y/o completely absorbed.

I liked this book, because I love cars. it has some of my favorite cars, but I gave it four stars because the pictures of the cars are split in half on my kindle screen and it's really annoying to flip through car specs to see the other half of a pagani or something. still, good book.
