Customer Reviews

Thank you for the opportunity to serve you. My mission is to help you along the journey to become a nurse! You and I already know that nursing school is a drag. Now just grab one of my books and see how you can make it a WHOLE LOT EASIER! Email me: chase@chasehassen.com I want to get to know YOU :) Instagram: @nurse_superhero Facebook: Nurse Superhero

I like this book because this NCLEX will dominate you with 105 practice questions and rationales to help you in becoming a nurse. Also by this you can prepare for your Nursing Certificate. Also you can Work anywhere, anytime. And the tools and features allow you to get more things done in less time. And lastly you will have better overall value for all pressing needs and recurring career needs.

This one, as well as all other I have read so far, have errors in more than one question. Need to be reviewed again by editor

I got this book to help me study and get examples for some of the questions I will be facing. This book has questions that I would expect to at least be similar to the actual test I will be taking. I think it is really useful. You will know how you can eliminate the fear of failure. You will find the confidence to pass the NCLEX with ease. Very well written. It has a lot of data that are anything but difficult to retain and get it. You will find here lots of important question which can help for going to take the NCLEX exam. Very informative book

I like the format with the question and rationale right after. No more flipping through pages. Just use a note card to cover up the rationale.

good

This book is totally useful and easy to read, it is concise summation of information. There were so many amazing questions that were very similar to what I came across during the examination. I'm very happy that I went through this book. So the people around me talked about this book and I decided to read it for my general knowledge.

Great NCLEX practice questions! Highly recommend

Helped me prepared for my psych exam
