Pollock, MD, PhD, Professor and Director, Division of Surgical Oncology, Department of Surgery, Chief of Surgical Services, Ohio State University Comprehensive Cancer Center, The Ohio State University Wexner Medical Center.

Excellent book

Some questions are poorly written and too many with "all of the above" answers. Overall, it is a worthwhile source for general surgery recertification.

5 stars per

Overly detailed and FULL of errata that they even missed when they bothered to release a set. The obvious ones like questions missing a key word in the stem or completely wrong answer choices were caught but incredibly disappointed with the poor question quality and answers that require a jump of logic not contained in any of the information.

3 stars only because of poor layout for kindle ebook (2 columns) which i find difficult to read on my Note 5 or iPad Mini (compared to the earlier edition). Nonetheless, the content and the distribution

of questions are great.
